#### **Extend Full Tax Exemptions to Disabled Veterans and their Spouses**

Disabled veterans who have served our country are facing undue hardship due to the existing real property tax law. This law currently does not provide full tax relief for disabled veterans and their spouses, even if their disability is 100% service-related. The sacrifice these men and women have made for our nation merits our utmost support and appreciation. In the United States, approximately 4.7 million veterans are living with a service-connected disability (National Veterans Foundation, 2020). Disabled veterans and their families often face added financial strain due to medical costs and reduced earning potential. By adding subdivision 3-a to the real property tax law, we can alleviate some of this strain by providing a total tax exemption to those veterans who are 100% disabled as a result of their service. This would also extend to their spouses, recognizing the sacrifices they too make. Such an amendment represents a tangible way to thank them for their service and sacrifice. Time to show our veterans that their sacrifices have not gone unnoticed. Please, it is time to amend our tax law; sign this petition to support tax exemptions for our disabled veterans and their spouses.
